# Georgetown Crossing

Located on Central Street (Route 97), just one block south of Route 133, the Shopping Center sees an average daily traffic count of over 19,000 vehicles. This highly visible, well established 31,200 square foot shopping destination was completely redesigned in 2004 with a New England village motif and fits in nicely with the historic character of Georgetown. The property offers ample and well-lit parking with beautiful landscaping.
